### **Internal Audit Report for the year ended 31 March 2022**

#### Introduction

Part 2, paragraph 5 (1) of the Accounts and Audit Regulations 2015 imposes a duty on Local Councils to “undertake an effective Internal Audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance”.

Internal audit is a key component of the system of internal control. The purpose of internal audit is to review whether the systems of financial and other controls over a council's activities and operating procedures are effective.

At the request of the council I have conducted an Internal Audit review of the council's accounting records in respect of the financial year ended 31 March 2022. I have acted independently and, on the basis of an assessment of risk, carried out a selective assessment of compliance with relevant procedures and controls expected to be in place during the financial year.

The audit has been carried out in accordance with the council's needs and planned coverage. On the basis of the findings in the areas examined, the internal audit conclusions and recommendations have been recorded in the table below.

## Prioritisation of recommendations

In accordance with good internal audit reporting practice and the Governance and Accountability for Local Councils Practitioners Guide, the recommendations contained in this report have been prioritised. The following 'traffic light' system for the prioritisation of recommendations has been adopted: Page | 3

- Significant weakness in internal control requiring urgent attention.
- Moderate weakness in internal control requiring attention within the current year.
- Minor weakness in internal control, or matters of good practice the council may wish to consider, to be addressed within the current year.
