130422/3 Minutes of Previous Meeting

The minutes of the meeting held on the 9th March 2022 were approved by members and signed by the Chairman.

Proposed: Cllr Shreeve, seconded: Cllr Szabo.

130422/4 InternetTY Ltd

Discussion regarding the relocation options for the network cabinet on Main Street and other matters:

- Ben Wragg, representative of InternetTy Ltd, liaises with PC's regarding installation of their service. He was unsure as to why he had not been asked to speak to this PC and village before the network cabinet was located although Historic England had been contacted.
- They are looking to install fast fibre broadband to the Low Villages, from Worlaby to South Ferriby. The company is based locally in Barton.
- Whilst he understood that the location of the box was deemed objectionable by some residents, there was no other suitable location. However, the company are not closed to the idea of trying to camouflage it by subsidising the purchase and placement of a planter in front of it which is then maintained by the village. NLC Highways would not permit a hut over the box however.
- The broadband line is ready and they are accepting pre-orders. On the 25th April 2022 it will be linked to London, powered by Northern Powergrid by mid May 2022 and service starting by mid-June 2022.
- Thus far, 43 households have shown an interest and 28 have registered. This is a good level of uptake considering no marketing has been done. A leaflet drop will be done soon. There is a high demand in Horkstow due to their existing poor internet speeds.
- The company can offer the village hall free broadband.
